

Expression of Interest (EOI)**ADVERTISEMENT****TEMBO NICKEL CORPORATION LIMITED: KABANGA NICKEL PROJECT**

Requests the Submission of Expressions of Interest (EOI) from Suitably Qualified and Experienced Parties wanting to participate in the Work Package below.

Reference No. 9643-12-0082

Package description: HDPE Liner Supply

Tembo Nickel Corporation (“Tembo”) is an operational company established through the Framework Agreement (19 January 2021) between Kabanga Nickel Limited (“Kabanga Nickel”) and the Government of Tanzania (“GoT”) for the development of the Kabanga Nickel Deposits in the Ngara District in North-West Tanzania. Under the terms of the Framework Agreement, Tembo (owned 84% by Kabanga Nickel and 16% by GoT) has been officially formed for the mining, processing, and potential future beneficiation of nickel, copper and cobalt.

The Project is a fully integrated, greenfield development that will produce nickel, copper, and cobalt products for the global market. As one of the world’s largest undeveloped high-grade nickel sulfide deposits, the Project represents a globally significant opportunity aligned with the accelerating transition to a low-carbon economy and is positioned to deliver both strategic value to the global supply chain and meaningful economic and social benefits to Tanzania and its citizens. The Kabanga Mine, Concentrator, and associated infrastructure are situated at the Kabanga Site, where nickel sulfide concentrate will be produced.

1. BRIEF DESCRIPTION OF THE SCOPE OF WORK

This Expression of Interest covers the supply and delivery of High-Density Polyethylene (HDPE) geomembrane liners and associated geosynthetic materials for use across multiple engineered containment and water-management structures within the project.

Scope of Supply

- Manufacture and supply of HDPE geomembrane liners in the required thicknesses, grades, and roll dimensions (final specifications to be confirmed at RFQ stage).
- Supply of other geofabrics and geosynthetics as may be required, including:
 - Geotextiles (non-woven and woven)
 - Geo-composites (e.g., drainage composites)
 - Geonets
 - Geosynthetic clay liners (GCLs)
 - Protection layers, cushioning materials, and related accessories
- Compliance with relevant standards, including provision of material certifications and factory test results in accordance with GRI-GM13 or equivalent.
- Factory Quality Assurance (FQA) documentation, ensuring full batch traceability and conformance to specifications.
- Packaging, loading, handling, and secure transport of all materials to the designated project site, including logistics and freight.
- Provision of technical data sheets, product specifications, and manufacturer installation guidelines.

Structures to Be Lined

The geosynthetic supply will support a range of containment and environmental control structures, including:

- Waste Rock Dumps – lining and underlay materials for seepage and run-on/runoff control.
- Attenuation Ponds – impermeable lining systems for stormwater and seepage collection.
- Tailings Storage Facility (TSF) – basin liners, return water areas, seepage control systems, and ancillary containment zones.
- Contact Water Ponds – containment for process-affected or contaminated water.
- Lined Contact Drains – geosynthetic lining for channels conveying contaminated or high-risk water.

Exclusions

Installation, onsite welding, Construction Quality Assurance (CQA), and liner installation equipment are excluded from this EOI scope and may form part of separate procurement packages.

2. MINIMUM REQUIREMENTS

Companies wishing to be considered for inclusion in the **HDPE Liner Supply** Tender Process are invited to submit an EOI on their official Company letterhead. The EOI must be accompanied by the following minimum information and supporting documentation:

2.1 Commercial Documents:

- Full company profile
- Company code of conduct
- Certificate of ethics
- Certified copy of Registration/incorporation certificate
- Certified copy of a Valid Tax Clearance
- Certified copy of Memorandum and Articles of Association
- Certified copy of Business License/Sectorial Permit
- Certified copy of Tanzanian Tax Identification Number (TIN) and VAT Registration Number (VRN) Certificate OR Certified copy of Company Tax certification
- Company Shareholding Structure (ownership of shares in %), where applicable
- Mining Local Content Compliance Documents, preferably an approved Mining Local Content Plan

2.2 Experience and Capability Submissions:

- An overview of the Company's recent similar equipment supply that demonstrates experience in projects of a similar scale and commodity.
- Details of workload projection for the next six to twelve months, in terms of current work orders.

2.3 Financial Position and Terms of Trade:

- Financial Capacity to complete the services required, including submission of Audited and Certified Financial Statements (2023-2025).
- At least one reference from the Company's banker regarding their credit position.
- Proposed pathways or alternative financing arrangements that could provide measurable financial or scheduling benefits to the Employer.
- Preliminary Export Credit Agency (ECA) interest (if applicable):
 - Indicate which ECA(s) may support the financing of the Project based on the countries of origin of goods & services that the Company will procure.

2.4 Safety, Environmental and Quality Management Systems:

- Provide details of the Company's Safety, Environmental, and Quality Management System.

3. EOI SUBMISSIONS

Interested companies with the capability to provide the services are invited to submit their EOI by responding to the stated Minimum Requirements. Submissions must be sent by email to sourcing@kabanganickel.com by **17:00 hours** East African Time (EAT) on **06 May 2026**. The Reference Number must be clearly quoted in the subject line of the email.

Tembo Nickel Corporation Limited will evaluate submitted documents to select preferred suppliers for the Supply contract related to **HDPE Liner supply**. Pre-qualification and selection decisions rest solely with Tembo Nickel Corporation Limited.
