
**Expression of Interest
(EOI) ADVERTISEMENT****TEMBO NICKEL CORPORATION LIMITED: KABANGA NICKEL PROJECT**

Requests the Submission of Expressions of Interest (EOI) from Suitably Qualified and Experienced Parties wanting to participate in the Work Package below.

Reference No. 9643-19-0045

Package Description: Early Works – EC&I Installation

Tembo Nickel Corporation (“Tembo”) is an operational company established through the Framework Agreement (19 January 2021) between Kabanga Nickel Limited (“Kabanga Nickel”) and the Government of Tanzania (“GoT”) for the development of the Kabanga Nickel Deposits in the Ngara District in North-West Tanzania. Under the terms of the Framework Agreement, Tembo (owned 84% by Kabanga Nickel and 16% by GoT) has been officially formed for the mining, processing, and potential future beneficiation of nickel, copper and cobalt.

The Project is a fully integrated, greenfield development that will produce nickel, copper, and cobalt products for the global market. As one of the world’s largest undeveloped high-grade nickel sulfide deposits, the Project represents a globally significant opportunity aligned with the accelerating transition to a low-carbon economy and is positioned to deliver both strategic value to the global supply chain and meaningful economic and social benefits to Tanzania and its citizens. The Kabanga Mine, Concentrator, and associated infrastructure are situated at the Kabanga Site, where nickel sulfide concentrate will be produced.

1. BRIEF DESCRIPTION OF THE SCOPE OF WORK

Early works - Electrical Work to enable construction power on the Kabanga Site, including:

1. Design, supply, installation and commissioning of:
